Respected Professor,

I hope this email finds you well.

I am writing to you so as to respectfully request an extension for the Mathematics assignment submission deadline which is in two days i.e. 30 March 2026 Midnight. Due to a severe viral fever over the last two days, I have unfortunately fallen slightly behind schedule.

I have already completed the first half of the problem questions provided and am fully committed to delivering the remainder of the assignment without losing the quality of my work. So, would it be possible to submit my assignment by April 1<sup>st</sup>, Wednesday?

Thank you very much for your time and understanding. I look forward to your response.

Sincerely,
